

SINGLE-AUGER GRAIN CARTS

DESIGNED, ENGINEERED AND BUILT EXTRA TOUGH FOR UNSURPASSED RELIABILITY IN THE FIELD

Harvest is the one time when everything needs to work perfectly to keep the grain moving. Orthman Single-Auger Grain Carts are designed, engineered and built for unsurpassed reliability in the field. For one less thing to worry about when harvest rolls around, choose Orthman.

Orthman's 810 and 1010 Single-Auger Grain Carts feature convenient unloading with a 17", high visibility, dynamically balanced, corner-mounted auger for enhanced operator view and positioning ability. Front and rear windows provide a view of the grain level at all times, and a mounted ladder enables safe interior inspection. The tractor-to-cart connection is simplified with standard coupler grips and color-coded hydraulic hoses.

When harvest comes around, you want the kind of quality and reliability in your equipment that only Orthman provides. We understand the pressure you face at harvest and that avoiding any type of downtime is critical for success. Orthman Grain Carts are your assurance the grain cart will never be the weak link in your harvest operation.
